

Homogeneous Fertilizer for Early Green-Up and Growth

EverGreen™ Minis 18-5-0

- Homogeneous pellets packed with 5% non-staining iron for early green-up.
- 5% phosphate provides nutrition for plant establishment and root development to help get plants started quickly in the spring.

What do you **actually** get in your 50 lb bag of fertilizer?

18-5-0 Blended

- Iron Oxysulfate: 5 lbs
- Urea: 4 lbs
- MAP Hexa-Hydrate: 9 lbs
- Ammonium Sulfate: 32 lbs

Blended fertilizers contain separate pellets of various nutrients, with no assurance of consistent delivery.

EverGreen™ Minis 18-5-0 Homogeneous

Every Pellet Contains:

- Nitrogen
- Phosphate
- Sulfur
- Iron

Blended products just can't deliver the performance of a homogeneous fertilizer. You get better nutrient delivery and more predictable performance. When you want the job done right, turn to BEST® for products like EverGreen™ Minis 18-5-0 that deliver 100% of the nutrients in each fertilizer pellet.
